ANNOUNCEMENTS

NEW PARTNER

We would like to take this opportunity to announce our new Partnership and Reseller arrangement with Methodware.

Methodware has been selling their Enterprise Risk Assessor (ERA) solution around the world for many years. Their head office, in New Zealand, has signed up to be a reseller of Executive Workshop commencing immediately. This agreement flows through to their North American offices.

This new relationship has also evolved into a new feature for Executive Workshop. Commencing with the new release, users will be able to Import risks from ERA and Export vote results to ERA from Executive Workshop. This will be accomplished by the use of Import and Export commands.

We look forward to a bright future working with Methodware.

NEW RELEASE

A new release of Sharpe Decisions Executive Workshop will be shipped in late November, 2006. We will include, with the CD, a short description of the changes we have made to the software. The new manuals, in English and French, are also included on the CD. **PLEASE NOTE: Uninstall all other versions of Sharpe Decisions Executive Workshop BEFORE loading the new version on your computer.** An error will appear if you do not follow this process.

We have added the Import / Export feature, as mentioned above, with Enterprise Risk Assessor in addition to more charts and graphs.

We hope you enjoy using our new features! Remember, we like to hear from you regarding your voting software needs, so if you have any suggestions regarding future Executive Workshop features, please pass them onto us. You, our clients, are our first priority!
