## NEW VERSION!

Effective January 1, 2010 we now have:

**Executive Workshop® Standard**

and

**Executive Workshop® Pro**

Commencing in 2010 we will be offering a new, more basic, version of Executive Workshop®. Executive Workshop® Standard will allow the user to ask Multiple Choice Questions and Rating Scale Questions. All charts and graphs traditionally associated with these two types of voting in SDEW will be available, plus Sharpe Decisions Reporter, Spell Check, etc. Executive Workshop Standard is being offered to those who don't want to make use of more detailed Charts, Rank Ordering, Analytical Ranking or Relationship Modeling or the Agenda which are included in the Pro version.

With this release, we are re-branding Executive Workshop. The full featured version will now be known as **Executive Workshop® Pro**. Our "power users" will still receive upgrades of that version when they are released and, of course, we are still interested in everyone's input on the improvement of our software.

Please call for pricing.
