

SHARPE DECISIONS INC. NEWSLETTER

JUNE / JULY / AUGUST 2004

SUMMER EDITION

INSTITUTE OF INTERNAL AUDITORS INTERNATIONAL CONFERENCE 2004 SYDNEY, AUSTRALIA JUNE 20 – 23, 2004

Sharpe Decisions Inc. was delighted to participate in the IIA International Conference in Sydney, Australia this past June. We would like to thank the IIA Sydney and Head Office in Orlando, for all the support they gave us during the conference.

We were extremely pleased to work at the Global Executive Council Meeting held on June 20th. There were representatives from fifty-two countries in one room discussing and voting on the future direction of the IIA. It was quite an experience! We would like to thank the University of Adelaide for the use of their voting equipment for this meeting.

As well as exhibiting, Sharpe Decisions Inc. also ran a Conference Evaluation for the IIA Sydney with our voting technology. In addition to this, any paper evaluations which were handed in were appended to the votes collected with keypads at our booth and Sharpe Decisions[®] reports were sent back to the organizers. We used our new Infra-Red keypads for the Conference Evaluation.

Our UK Representative, DMH Solutions shared our booth in Sydney. It was wonderful working with Chris Griffin again! www.dmhsolutions.com

Australia itself was wonderful to visit. Put it on the top of your list to visit and you won't be disappointed! (Lynda's personal opinion)

NEW VERSION!

As our clients know, we are always striving to improve Sharpe Decisions® Executive Workshop®.

This summer is no exception. We are working hard on our new version and have a ship date set of August 27th, 2004!

QWIZDOM, INC

Sharpe Decisions Inc. is very pleased to announce that we have been accepted as the Qwizdom, Inc. representative for Canada. Qwizdom has superior testing software for Teachers and Trainers. Qwizdom software, used with Infra-Red Keypads, allows teachers and trainers to make up their own inter-active tests, use slides and curriculum content provided by Qwizdom and accomplish all of this in a very intuitive manner.

Qwizdom Curriculum courses™ are revolutionary educational software programs designed to make teaching easier and learning more fun. Qwizdom courses help students visualize concepts, keep students interested in lessons, and increase learning. Testing can be done by individual or by team.

Qwizdom files can be fully customized to fit your training needs in Education, Corporate or Government Training.

We are quite excited about being able to offer this new addition to our software toolbox. For more information, please contact us!

Landmarks of a Quality Community
Toronto, Ontario - September 20-24, 2004
www.dkl.com/conference

USEFUL TIPS!

ITEM X-Y CHART

Remember, Sharpe Decisions® Executive Workshop® has an Item X-Y plot which will allow you to plot on up to 4 Axes.

If you have a “Formula” which calculates a number higher than “10”, you can “Normalize” the result in the Formula set-up screens so that the number is adjusted to fit the scale.

If you want a scale on the Item X-Y to be a different length, Ex: 1-7, you can adjust the length in the Formula set-up screen.

The Item X-Y Plot allows you to have a number of background “heat map” choices. Click on the Colour drop-down box to choose your style. The new version of SDEW will allow you to customize the colours in a wider variety of styles!

WE ARE HERE FOR YOU

If you have any questions or requests regarding our software and its functionality please do not hesitate to call or email us. Remember, we are here to help!
